Logan,

Thanks so much for your work with my two classes on their debate research on October 20, especially since I had to be out of town! The students all indicated that it was time well spent and they seem to be moving along well with their debate research. I know at least one student has had an individualized session with you and she was thrilled with all the great resources you helped her identify. I keep singing your praises to them so I am sure you may see more as the dates for the debates come closer in the next few weeks.

Cheers,

Chris
