Dear Logan,

Thank you for your dedication to library instruction, demonstrated through the workshops that you led at the Center for Excellence in Teaching and Learning and in the library this academic year. Both faculty and staff benefitted from these sessions, and overall, the feedback was positive. I look forward to working with you again in the following year as we assist faculty, and in turn, students, in learning about new resources and procedures at the library.

Title(s) of Workshops Presented

"The Great Big Database of Everything"

"Personalize Your Research: Using RSS Feeds and Journal Alerts"

"Improving Student Research: Faculty/Librarian Collaborations"
