Re: Logan Rath

I am writing in support of Logan Rath's renewal as a faculty librarian at Drake Memorial Library. In the time he has been here, Logan has proven to be resourceful, energetic, knowledgeable, and flexible. He has shown great adaptability, working as both Digital Services Librarian and now as Resource Sharing Librarian. The projects he undertakes help to keep Drake Memorial Library moving forward in the field of library services.

Logan is well-liked by staff and students, and has an excellent rapport with the latter. He is a valued member of the instruction team and has made a great effort to reach out to faculty and students in the area of education in particular.

Logan has made numerous contributions to the profession while working at the College. His work on SUNYLA, numerous presentations for local and International Conferences and publications help to bolster the reputation of the College.

I believe it is in the best interests of the library and the campus community as a whole to retain Logan on the staff of Drake Memorial Library. In addition, I hope to be able to work with him for many years to come.
