Dear Logan,

Please accept my most sincere appreciation for your participation and help in making The College at Brockport's Fall 2008 Welcome Weekend and Move-In effort such a huge success. Once again, we left a very positive impression on our students and their families during a time that is exciting and also difficult as students leave home for the first time. It was an inspiring weekend and we should all be proud of the impact we made as we welcomed our students to their new "home away from home." The many comments we received on our beautiful campus and extraordinary customer service are extremely rewarding.

Whether you were involved in preparations for Welcome Weekend and/or participated in the Move-In effort, thank you for your time and hard work. It is truly a pleasure to be among such a devoted group of people.

Thank you, again, and congratulations on our success! Have a great semester!

Sincerely,

Lou Spiro
