

ANNUAL REPORT AND REVIEW OF ACADEMIC STAFF
2008-2009 ACADEMIC YEAR AND 2008 SUMMER

LIBRARY APT COMMITTEE'S REVIEW AND COMMENTARY

In just his first full year with us, Logan has become an invaluable member of our faculty. He completed a beautiful and much more user-friendly redesign of the Library website, which included customizing a library template, writing PHP scripts, designing a portal for room availability, consolidating and redesigning many pages for greater useability. Logan also incorporated Library services into ANGEL, implemented 360Search (branded locally as SearchME), and developed and implemented podcasting project for several EDI classes. He has written nine tutorials and created four Library research guides for the Library website, and is very active and helpful at the Reference Desk.

Logan has also been very busy in scholarly and service pursuits. He served as the First Vice President/President Elect of SUNYLA, set up a library for the Italian American Community Center in Rochester, and continued his coursework for an MS in Curriculum Development & Instructional Technology. Logan also gave 11 presentations through CELT, the Educational Technology Center, and various SUNY-wide organizations.

Logan is very energetic, has many ideas, and is very productive. The Committee would like to note, though not as a reflection on Logan, that his contributions would be of even greater value to the Library with more focused direction and mentoring from his supervisor.

Particularly noteworthy this year have been Logan's significant contributions to the Library's web presence; and his contributions as co-liaison to the Education and Human Development have been particularly valuable, incorporating technology and educational theory into teaching and planning.

ANNUAL REPORT AND REVIEW OF ACADEMIC STAFF
2008-2009 ACADEMIC YEAR AND 2008 SUMMER

LIBRARY DIRECTOR'S REVIEW AND COMMENTARY

Logan Rath performed well during his first year at Brockport. He was able to jump in and make contributions on many fronts. His digital services efforts in updating the library website, installing Federated Search, keeping databases updated and upgrading ILL forms are particularly commendable. Logan (in collaboration with D. Ames) accepted responsibility for teaching the education classes (32 sessions) and developing four LibGuides.

Regarding Librarianship, Logan served on the Reference desk in rotation with other librarians. He demonstrated initiative in planning and piloting a program for texting a librarian.

Logan had an active year related to scholarship and professional development, presenting sessions at both CIT and SUNYLA and attending several other conferences and workshops.

For 2009-10, Logan will concentrate on the following:

- Continue developing services in the area of Resource Sharing / Interlibrary Loan
- Explore further integration of library resources (including personnel) in ANGEL
- Investigate publication of text-message reference study
- Develop more dynamic lesson plans for one-time classes
- Serve in the role of President of SUNYLA

All librarians are expected to be involved with library strategic planning efforts and be involved in the library working groups working on Open Access, Big Read and/or digital collections. In addition, all librarians will be helping SUNYLA 2010 to be a successful reflection on Drake and the College.

Cooperation and collaboration will be needed during the coming year as LITS works to become more than the sum of its parts. Logan is thanked for his efforts during his first year at Brockport and we look forward to more good things in the future.
